Dear Robert Finney,

These days, it's hard to find the time to take care of yourself. We know how busy our members are, so it's part of our job to remind you to promote your health!

Your doctor and healthcare team would like you to come in for some lab work that you're due for! Checking your cholesterol and other labs is an important part of how we care for the whole you. Doing this regularly will help us stay on top of what you need. If you just had your labs done, please ignore this letter.

We're waiting for you in the Lab... you don't need an appointment! For your convenience we have labs in Bonita, Bostonia, Carlsbad, Clairemont Mesa, El Cajon, Escondido, La Mesa, San Diego and San Marcos. The location information and hours have been included with this letter. **If you can, please bring this letter when you visit the lab most convenient to you.**

When you come to the Lab, we'll ask you for a sample of your urine. If you can, drink water before you come in.

If you have questions about this letter, you can call 1-619-589-3428. Within a couple days after your tests, you can get your results as a registered user of kp.org, or by calling (888) 457-8378.

Thank you for taking some time to stop by the Lab. We'll see you there!
Sincerely,

Dr. Andrew Myers Golden and Your Healthcare Team
